Meeting at Chamber of Commerce Gives Approval of Immediate Action for Solicitation.

Preliminary steps for the organization of a \$5,000,000 building and loan association were taken yesterday at a meeting at the Chamber of Commerce. Over 70 subscribers have been secured and approximately \$75,000 of stock has been subscribed. A committee was appointed to obtain 30 more pledges before January 1.

Philip H. Linley, representative of the state banking department at Madison, was present and explained the need and value of a building and loan association. At the conclusion of Mr. Linley's talk, a committee was appointed to complete the incorporation and to approve the by-laws which will be immediately forwarded to the state banking department for approval. It is anticipated that the new organization will be ready to do business early in January.

The Janesville Building and Loan association is a community proposition, and everyone is urged to become a stockholder and subscribe for one or more shares of its capital stock.

The stock is divided into three classes—paying 60 cents, 75 cents, or \$1 per month for each one hundred dollar share. In addition, paid-up stock will be issued after the organization is completed and when the demand for loans makes the issue of such stock necessary.

As soon as the approval of the state banking department is received a meeting of the subscribers will be called, and a board of nine directors will be elected. These directors will have the management of the association for the first year, and will elect their own officers.

### JAPAN OBJECTS TO MANDATES; GERMAN ATTITUDE TAKEN UP

Paris, Dec. 24.—The subject of Germany's attitude on the question of signing the protocol to the peace treaty was discussed at the council at this morning session, presided over by Premier Clemenceau. The council heard the explanation given by Paul Duttler, general secretary of the conference, of the two visits paid him yesterday by Baron Kurt von Leranier, the head of the German mission.

Paris dispatches Tuesday announced the delivery of the allied reply to the latest German note on the subject. After receiving it the German plenipotentiary stated he would be obliged to return to Berlin to consult his government, but after it was stated that the Germans had decided to remain in Paris.

The question of mandates was taken up by the council, which considered the drafts that have been prepared and adopted, two giving mandates in Africa to Great Britain and Belgium. The two mandates adopted came under type B, providing for administration under the regime of the league of nations. The type A mandates apply to the Orient and the type C to the Pacific colonies.

Type C developed the objections under the part of Baron Matsui. He found that they gave Japan less advantages than she had enjoyed in these colonies under the German rule. Baron Matsui reserved the approbation of Japan and asked for time to refer the question to his government, which considered the number of colonies which Japan would come under the mandate of Australia was involved as well as the economic advantage of the colonies formerly enjoyed under the most favored nation clause.

### POOLING OF FOODS IS EUROPE'S NEED, SAYS GEN. BLISS

NO REASON FOR FAMINE THREATENING IS REPORT OF PEACE DELEGATE.

### AMPLE SUPPLY

Interruption of Distribution and Hoarding Explain Situation.

Washington, Dec. 24.—Europe's most urgent need today is the pooling of its food supplies, said the peace delegate, General Bliss, who reached Washington today from Paris.

Germany should be included in the economic coalition, General Bliss said. With Germany excluded, he declared, there would be an element of discontent which would inevitably result in the other countries. General Bliss saw no possibility of including Russia in the distribution plan, but he said if the present so-called government of that country "could come up in the rest of the world for 30 days and during that time the general distribution of necessities could be worked to include Russia," he believed that the present situation in that country would be completely changed.

There is no reason for famine threatening any portion of Europe, General Bliss said, despite the destruction and loss of production during the war. He estimated food production this year in Europe to be between 80 and 85 percent normal. Interruption of distribution and hoarding of excess supplies explains the present economic situation in his opinion.

The general likened the various nations to individual units of a family, which, separated by a quarrel, are holding all the "joint stock" of food and transportation utilities formerly owned in common. The result, he said, is that the wheat, corn, another and another wheat in excess but each is lacking in one or more essentials.

Hunting Eye Meets Mayor

By R. S. Alexander  
"You come along with me, youngster," said the policeman to the boy from the North Woods.

"You look mighty cold and hungry. I'll take you to the mayor's office and he will see that you are fed and get some clothes."

Hunting Eye was not altogether sure he wanted to be taken anywhere by the big policeman but he was interested in the mayor and wanted to find out who he was.

"What does the mayor do?" he asked.

"Why, he runs the town."

"But I thought the council made laws for the town."

"Sure, but the mayor has to see that the laws are carried out. Ask him about it, he'll tell you."

So after they came to the mayor's office and the little Indian boy was fitted out with warm clothes, he began to ask questions.

"Yes," said the mayor, "the council makes ordinances. But I have to sign them before they are really ordinances. If I don't sign an ordinance, two-thirds of the council must vote for it before it can become a law."

In some cities the mayor does not have this power of vetoing or refusing to sign a bill. After the law or ordinance is passed, it is my duty to enforce it."

"What is enforcing a law?"

"Well, suppose a law is passed setting a speed limit. I have to see that people don't go faster than the limit. I order the police to arrest everybody who breaks the limit. So long as the law is obeyed is enforcing it."

"How did you get to be mayor?"

"The mayor is elected by the people of the city. His term of office is anywhere from one to four years, varying with different cities."

The work of executing the laws is divided among various departments. For instance, the police department, the fire department, the treasury department, the department of streets, and several others. The mayor usually appoints the heads of most of these departments and oversees their work."

### Woodcraft For Boy and Girl Scouts

Your Five Senses

By Adella Belle Board  
If you want to excel in woodcraft, train your five senses. You use them. That is what the early pioneers did and that is what the woodsmen in the great forests do today.

Start in now and give all—sight, hearing, taste, smell, and touch—the exercise they need, to become as strong and vigorous as the muscles in your active body.

Do you want to have eyes keen enough to see the eagle's nest high up on the cliff a mile, perhaps, away, or the deer grazing on the far off mountain side, or Alcon—the little star not easily seen—that is close to and above the middle star in the handle of the Big Dipper? Then give your sense of sight a chance to develop by training your eyes to see far away things.

Begin with the sense of sight and send your eyes racing a long distance to a certain landmark, making a game of it and announcing what you see and the goal.

Push your sight beyond the first goal to a second one still farther away and tell what else you see. You will have to practice for this game of sight as for any other you hope to win. Practice every day and several times a day until you can see clearly what, at first, was almost invisible.

Exercise your ears in the same way. Notice and try to identify every noise you hear, then go into the woods and listen. Try to hear more and more of the outdoor sounds, the rustling of water under logs, the snapping of dry branches in falling from the trees. In summer the hum of insects and song of a distant bird.

Take the sense of smell next and give it vigorous exercise also. Identify every odor that comes to you as you identify the sounds, and so go through the whole list of your five senses.

**Feagin's Commission Is Sanctioned by War Dept.**

Federal recognition, of his commission in the Wisconsin National Guard has been given Capt. Claude W. Feagin by the war department. This permits him to go ahead with his organization of a national guard unit here to perpetuate former "M" company.

Perhaps no one has made a greater sacrifice in signifying his intention to join the new organization than William J. Warner, a local business man, is now drawing compensation from the government for disability suffered while in federal service. He believes he can pass the examination as a guardsman. If he does, it will mean that he no longer may draw compensation.

## Dear Santa, Don't Forget Janesville

By PEG O'BRIEN  
"Dear Santa Claus, I love you, I love you and I believe in you and you will find me tipped off that the greatest of these is faith, well, and love too, plays an important part in this game of gift giving."

This little girl makes the signature "a good little girl in the 4th grade," wants a doll, buggy, and belt, coat, shoes, a new dress and a pocket watch and hosiery, or other things, but that's like all the other girls big and little.

She borrows her letter with crosses, she borrows already versed in the lore of love-making, and promises the old dear that the chimney will be spick and span so his whistles won't get clogged.

A curt letter from a small boy breathes a martial air. He wants a machine gun and a lot of sensible things like stockings, underwear, and a shirt. His closing phrase is the business like "yours truly." Rather a skeptical child who writes only to let his parents know what he expects them to provide for Christmas.

"Diamond Dick" Joe's letter was a cowboy outfit, Santa. He wants a rope, too. He doesn't know that it is called a lasso but he wants it to add color to his suit. If you Mary Christmas doesn't find time to make the cow boy suit he says he will be pleased with an Indian suit like the boys had last year.

Richard wanted to see Pauline in his housekeeping, old Noel. He wants you to bring her a stove, dishes, and a big doll. Then he would like a sled, velvet coaster, preferred. Richard has moved to Cherry street so don't forget and bring his presents to the old house.

Bring Sarah Jane a pair of over-shoes, size 12 1/2. Have you any of those comfy little muffs like Helen's? If you can remember holy her's is made, Sarah Jane would like to have it duplicated.

Some Coke Might Do. A ton of coal for daddy, Santa, that's what Catherine wants. She's heard dad say so much about coal that she's sure of it. Little pet peeve, Catherine says not to tell any one. Santa, she's afraid Mr. Fuel Administrator will hear of it and it would be all right.

Sarah Jane isn't a speck selfish Santa. She wants you to bring Aunt Edna some slippers and Marion, (of course) a new sweater. Sarah Jane wants her to have the nicest things of all.

Here's a letter not readable from—ans of course, Santa. If you had the letter I'm sure you'd know all about it. One request looks like he wants a bowling alley. Yes, I'm sure that's what he wants. Bring him one anyhow and then when his mama exchanges her Christmas presents she can exchange that, too, if he wants her.

These little folks wish you a Merry Christmas, Santa and hope that you get this in time to pick off a nice line of gifts from your cold storage factory.

10 DIVORCES IN  
3 HOURS GRANTED  
BY JUDGE GRIMM

Ten divorces, affecting people all the way from 17 to 65 years of age, were granted by Judge George Grimm yesterday afternoon in the circuit court here between 2 o'clock and 6 o'clock. Two of the cases were those of minors.

Telling how her husband, Russell Lepley, 30, a laborer, took her to the wilds of northern Wisconsin and forced her to live in a tumble-down shack, cut down trees, pile up brush, clear land, and do other manual work while he spent the money received from her work in gambling and boozing. Mrs. Flossie Lepley, a come woman of 27, won her decree and was permitted to assume her maiden name of Flossie Ritterhouse.

Tears flowed from the eyes of Mrs. Lillian Patch, 27, when she told of her marital troubles with Clarence Patch, 29, of Janesville, whom she married at Rockford on September 28, 1912. Not only did she live for two years with him, but she paid her board there, bought all her own clothes and furnished him with money and the necessities of life, not even food. I paid for his board for two months, and then went out and worked in restaurants.

The husband in this case was Jesse Pailer, 21, of Rock Island. Mrs. Pailer is a Beloit girl. She married Pailer in 1918 and lived with her husband until March 29, 1919, when conditions forced her to leave him and return to the home of her parents. She said her husband was a machinist capable of earning \$4 to \$5 a day, but that he gambled his money away. Divorce gave the girl the right to assume her maiden name of Greenwood.

Gossip started the break that came to the home of 17-year old Mrs. Loreta Smith of Beloit, who married William I. Smith at Belvidere, November 22, 1918, when he was 21 years of age. When asked by the judge how her troubles sister and I got to talking about the way our men treated us. We weren't supposed to say anything to anybody about what we said, but she told him, and then he treated me mean.

For nine months, the young girl said she lived with her husband in furnished rooms during none of which time he gave anything toward her support or running the household. She said he never worked.

Living with her husband, Harry D. Turrell, age 52, only 15 days after they were married, Oct. 16, 1917, Mrs. Hannah M. Turrell, Madison, asked for divorce on the grounds of desertion, and the fact that she now learns that he had and still has another wife living. Divorce was given with right to assume her former name of Mrs. Merriman.

Samuel K. Young of Edgerton was granted a divorce on the grounds of voluntary separation. Married at Rock Island July 26, 1910, he lived with his wife until 1918, when they agreed to part and have not seen each other since.

On grounds of desertion, Hunter Hobson, 24, negro of Beloit, was given a divorce.

Divorce granted permits the resumption of her maiden name of Burpis.

James A. Fessler, former state veterinarian for Illinois, was named as defendant in a suit for divorce brought by Mrs. Margaret Fessler. This couple was married at La Prairie, November 25, 1910 and separated in August 1917. Mr. Fessler is 36 years of age and his wife, 42.

Non-support was the charge, although Mrs. Fessler declared yesterday she is willing to go back to her husband if he will go half way, but that he has refused. In getting her divorce, she was granted alimony of \$15 a month, costs and privilege to assume her maiden name of Margaret A. Ketchum.

"My wife she leave me. I don't know, judge, where she go. She tell me she want see sister in Indian." I say, "Alright." Then I give her da mon' for go. An' she go. I never see her again. Week pass. I hear nothin' from my Paqualina. I think me go Indian' find out the true; but I no have the money. I go bank aska for \$50 what I have there. Privilege to assume her former name of Mrs. Loreta E. Moore was granted.

In broken English, Giuseppe Pingagag, 33-year-old Italian of Kenosha, formerly of Beloit, appealed to Judge Grimm yesterday for divorce. It was granted.

Living with her husband, Harry D. Turrell, age 52, only 15 days after they were married, Oct. 16, 1917, Mrs. Hannah M. Turrell, Madison, asked for divorce on the grounds of desertion, and the fact that she now learns that he had and still has another wife living. Divorce was given with right to assume her former name of Mrs. Merriman.

Samuel K. Young of Edgerton was granted a divorce on the grounds of voluntary separation. Married at Rock Island July 26, 1910, he lived with his wife until 1918, when they agreed to part and have not seen each other since.

On grounds of desertion, Hunter Hobson, 24, negro of Beloit, was given a divorce.

PRICE OF COAL IS  
HIGHER SINCE STRIKE

For Associated Press.

Chicago, Dec. 24.—Coal consumers here today were in receipt of announcements from several fuel companies notifying them of an increase in the price of between 20 and 25 cents a ton on all coal mined since settlement of the bituminous miners' strike, to make up for the 14 percent wage increase the workers gained.

This does not mean no coal will be sold at the government price," one dealer said, "but the Garfield order is not retroactive on contracts executed before it was issued and all contracts contain a clause providing for the passing along of any increase in mining cost. Those who have no contracts for coal will get it at the government price."

"However, most operators have their entire output sold under contract so the price increase will be pretty general."

### IT COSTS REAL CASH TO DRINK THESE DAYS

It costs money to drink whiskey these days. More concretely, it cost E. T. Schiebe and Norman Hull, young men who work for a local contractor, exactly \$31 apiece. Celebrating Christmas a little previously, the youths were arrested last night for intoxication. When arraigned before Judge H. L. Maxwell in municipal court this morning, they were given the choice of \$25 fine or 30 days in jail. They chose the former.

### CORRECTION

E. A. Roessling's advertisement in last night's Gazette for his Western Ave. Store, made it appear that the price of Sugar was 32c per lb. This was an error in the types and no price should have appeared. E. A. Roessling sells Sugar on the same basis as other retailers and the price is governed entirely by the price he has to pay on the market which ranges at the present time from 13c to 22c per lb.

The charge was amended before he pleaded guilty.

## ROCKFORD HUNTERS FINED \$50 APIECE

Fines aggregating a total of \$58.89 each, were pronounced on two Rockford men, Frank J. Campbell and William Barrencho, by Judge H. L. Maxfield in municipal court last yesterday after they had pleaded guilty to hunting in Wisconsin without licenses.

This charge was substituted for the original complaint that they had raised sworn they were residents of this state in order to secure licenses at the resident fee. Convicted un-

der this section of the game laws they would have had to pay a minimum fine of \$500 each.

The diamond rings which Mrs. Campbell offered as security for the appearance in court of her husband and his friend were returned, the fines were paid, and they returned to Rockford last night with the firm resolve that they would buy non-resident licenses if they ever wanted to hunt in Wisconsin again.

There seems to be a moral in every court case.

8 days of the most drastic price cutting and slashing of prices that has been attempted in your city on new up-to-date Fall and Winter Mdse.

A heavy loss, we know, will be sustained in this Great 8-Day Sale of Ready-to-Wear Garments. The fact that all garments are marked at a smaller per cent of profit than in previous seasons and with deeper cut in prices makes our loss much greater than ever before.

#### You Ask Us Why

We make these Big Reductions in face of the Soaring Higher Prices.

Our reason is simply this: We know that we could hold many of these beautiful garments Over and realize a Greater Profit, but our Business Policy would not permit us to do it, as this store's policy has always been to Clean House at Any Cost and open each season with a Complete New Stock.

## Not a Coat, Suit, Dress, Skirt, Fur or Blouse

Will Be Spared the Knife. Everything Will Be Cut and Deeply So.

The original price tickets will be left on every garment, this giving you an opportunity to make comparison of the big saving made between our original prices and pre-inventory prices.

## LEVIS NEAR DEATH; CARDS WEAKENED FOR GAME WITH INDIANS

George Levis, fastest player and star forward on the basketball team of the Lakota Cardinals, lies at the point of death at his home in Madison, Tel. phone conversation with his mother reveals that he is unconscious, suffering from double pneumonia. Every hope is held that he will recover. His rugged constitution and clean living give him much reserve power towards winning the fight.

Levis contracted a cold a few weeks ago. At the same time he suffered from a sore throat. Complications set in and he was forced to take to his bed.

With George Levis so seriously ill that he will not be able to play basketball again this season, the Cardinals face the necessity of having to thoroughly strengthen their team in order to keep up the winning streak already entered.

It is thought that Levis will not be seen on the court, according to statements made by the Lakota managers this morning.

**Great Regret Felt.**

Much regret is felt here over the unexpected illness of George. It was the only subject at the Lakota club last night where a spirit of sadness prevailed. In other men's circles, anxious inquiry was heard as to how the champion fighter is getting along. The Cardinals will go into their next game, which is Saturday night when they meet the Cheyenne Indians on the local floor. Levis' weakened condition has been sent to Ray Eder, coach of Kenosha high school athletics, who immediately accepted. He will play football with Derridy as his running mate. Eder will be remembered as a former Janesville high school star and forward on the basketball team for a number of seasons. Brum at center, and Dalton and Williams at guard, will complete the local lineup.

Cheyenne, composed of Indians from Carlisle and Haskell universities, presents a formidable front. The game will be an extreme test of the abilities of the Cardinals. Levis left the Cardinals for a time at St. Louis four weeks ago. Since that time they have been traveling through Iowa, Missouri, Indiana and Southern Illinois, winning every game. Friday night they meet the Beloit Fairies at Beloit.

## "WRASSLIN' PARSON" IS NURSING HIS BRUISES

Columbus, Dec. 24.—The Rev. Angus Clephan, the "wrasslin' parson," and Charles Slater, "candy man," on Tuesday were nursing bruises and cuts as a result of the wrestling match here Monday night.

They wrestled to a finish "draw." Both men took a fall. The parson pinned the "candy maker" for the first fall in three minutes. He lost the second fall in four minutes. The bout was staged in a smoke filled club room at the Rev. Clephan's church, St. John's Episcopal.

It was given under the auspices of the West Side Men's Community club, a nonsectarian organization.

## Oshkosh Boys Are Seeking Bouts Here

Johnny Herzog of Oshkosh, claimant to the state bantamweight championship, is open to defend his claims against any 114-115 boy. Herzog is no stranger to Janesville fans. He fought here against young Kick of Rockford two years ago in the wondrous of a Janesville show, and won.

Kid Mohr, also of Oshkosh, who fought Young Schwan and Benny Vogel at Janesville a year or so ago, wants to meet all comers at 122-125 pounds.

## "Doc" Williams Gets Salary Boost

Minneapolis, Minn., Dec. 24.—Dr. H. L. Williams, head coach of the University of Minnesota football team, has signed a new contract at a salary said to be \$5,000 a year. University officials are reported to say that his salary will be \$1,500 more than he got this season. Williams will have a strong array of veterans in the 1920 squad.

## John Roberts, British Billiard Champ, Dead

London, Tuesday, December 23.—(By Associated Press.)—John Roberts, former English billiard champion, is dead here.

## FIGHT DECISIONS

San Antonio—Bobby Waugh and Bud Logan fought 10 rounds to a draw.

Tucson, Ariz.—Happy Woods knocked out Eddie McGarney in the second round.

## Around the State

Marquette—C. J. Lamoureux arrived from Oconto Falls, where he had been associated with a paper company, and will be superintendent of the paper mills here under the new management of the Continental company, New York.

Blair—Capt. L. E. Kelly, who served in France in the medical corps, received notification that he had been commissioned by the war department a major in the medical section of the reserve corps of the United States army. He is a dentist.

Merrill—One of the needs of Merrill, says a leading business man here, is a booster organization, one that will give attention to her commercial interests, and secure new industries. Industrial unrest, causing much trouble in many places, is practically unknown here, and living conditions are favorable to the working man and his family.

Marquette—Paul Gunderson, who was in Alaska 25 years, arrived unannounced and called at the home of his sister, Mrs. J. H. Franks, who has been given up as dead and his unexpected appearance was as one coming from the grave.

## As You Were!

—BY—  
**BUCK**  
Of the STARS AND STRIPES A. E. F.  
EVERY MAN'S DIARY.

Christmas 1919!  
With crinkly tissue paper all around,  
And red ribbon,  
And crackly holly,  
And a ripping fire,  
And cards from folks I thought had forgotten me,  
And a box of perfectos,  
And a lot of other things, that I can't use at all.  
But that I won't admit are useless.  
And no mud,  
And no revelle,  
Nothing at all like 1918.  
Except a funny far-away feeling  
That makes you discontented with all the good things,  
And something wrong inside  
That makes even the perfect taste queer.

Then comes a ring at the door,  
And the postman hands in a package,  
And all of a sudden everything jake again!

All you ever wished for a year ago  
Come true at once,  
Not anything in particular,  
But everything in general.  
The fire singing merrily  
Against the memory of a damp blizzard,  
A homey feeling warms you,  
Against the memory of the lonely French village,  
And you inhale the acrid fumes of a dry stogie,  
That your dad had slipped in between the knit socks,  
In the Christmas package sent to you last year  
That has just arrived!

If you are disappointed with what Santa Claus put in your stocking this year, says ex-Sort, SOL, you want to remember that he couldn't satisfy everybody—not even the crippled soldiers that didn't want a thing in their stockings but a new pair of feet.

**REMEMBER CHRISTMAS LAST YEAR?**  
You, Mr. President:  
The big base hospital buildings at Langres, the long tables, General's ward with Derridy as his running mate. Eder will be remembered as a former Janesville high school star and forward on the basketball team for a number of seasons. Brum at center, and Dalton and Williams at guard, will complete the local lineup.

You, Sgt. Smith:  
In the falling snow that changed to sleet, at Coblenz where the Rhine and Mosel meet—the rhyme was unintentional—on the esplanade along the Bridge of Boats, when the forty-foot Christmas tree blazed out its colored lights and the people "Ach-ed" and "Ah-ed."  
Christmas a long way from home and in an enemy country at that, but you helped make it a real one, eh Sarge?

You, Michigander, with a polar bear on your blouse:  
Up in the Archangel-sector between snow drifts and Bolsheviks, out somewhere on a frozen marsh, that lucky ones back at the base singing songs in a "hut." And remember that trick they tried to play on you? The old Russian that came out with a White Flag and tried to break your heart and your morale by singing Christmas carols in English? But he didn't succeed, did he? You listened a while and then told him to go away. Aren't you? I'll say so!

You, Yank:  
Anywhere in the service, Manila, Mare Island, Camp Sherman, the border, Flume, Cochem, Brest, Paris,—at a table grooming with good things, in a mess-line waiting for stuns, on K. F. anywhere—you remember it all right and whenever you were, you're glad you're not there now. Aren't you? I'll say so!

BUCK has a 24-hour pass. No formations tomorrow. Fall out!

## Alaska Starting Basketball Teams

Fairbanks, Alaska, Dec. 24.—Several basketball teams are being organized in Tanana valley towns for the coming winter season of a valley league. The games are the only form of athletics possible here during the long dark winters.

## SWIMMING CHAMP IS OVER-TRAINED; ROWING THE CAUSE

Honolulu, Dec. 24.—Rowing may have written flits to the career of Duke Kahanamoku, the great Hawaiian swimmer, who won so many laurels in the 1912 Olympiad. He admits that for the present at least he is "through," but hopes to regain form and come back in the Antwerp games in 1920.

Holding the world's record for the 100-yard swim, with 52 seconds, the duke is not able at present to cover the distance in less than 55 seconds. Over-development of muscles is the trouble. In the last few months he has been training at rowing, and has put on so much new back and abdominal muscle that it actually interferes with his former perfect stroke.

The duke was not in shape to contend in the Honolulu fall swimming meet. Nor will he swim in the mid-winter carnival there in February, 1920. He admits that he is through, temporarily, but will make a strenuous attempt to get back into form for the Antwerp races.

## Thorpe Routed to Minors Again

Akron, O., Dec. 24.—Tim Thorpe, noted Indian athlete, was conditionally released Tuesday afternoon to the Akron club in the international league. The price paid for Thorpe was not made public. Thorpe, in 63 games with the Boston Braves last season, led the National league in batting with an average of .329.

The Daily Gazette will give you a calendar.

It is furnished through our information bureau at Washington. That bureau is maintained that the Daily Gazette may meet many of the needs of its readers, that it may perform service for them. It co-ordinates them with the government. It has procured many vital publications in the past and distributed them to Gazette readers.

Now it offers a free calendar with the compliments of the navy.

The picture on it is Miss Columbia and the sailor, done by J. C. Lyon-Recker, and reproduced in four colors. It is an artistic masterpiece. Its appeal is patriotic, inspiring. It is the sort of thing that a true American would like to keep above his desk throughout the year.

### WHO'S WHO in the Day's News

ALEXANDER GRAHAM BELL.  
His genius undimmed at seventy-two, Alexander Graham Bell, inventor of the telephone in 1876, has produced a hydroplane boat of new and novel design and efficiency. It can travel in the roughest water at a speed of seventy-one miles an hour, as shown by tests. He styles it the H.D.-4. It promises to mark a radical advance in hydroplane construction.

Since the age of 29, when he obtained his first telephone patent, Professor Bell has been engaged in scientific study and invention, for which he had showed marked aptitude still earlier in life. At the time of the telephone invention he was professor of vocal physiology in Boston University, having become a resident of that city in 1871. He is a native of Edinburgh, migrated to Canada in 1870, when twenty-three, and went to Boston one year later. His permanent residence for many years has been in Washington.

The struggle he had in winning recognition and getting financial aid for his articles. When he was a student of anxiety on that account.

fresh invention. Successively the phonograph, the induction balance and the telephone probe for the painless detection of bullets in the human body, for which last named device he was awarded the honorary degree of M. D. by Heidelberg University at the 500th anniversary of that institution. He invented the graphophone in 1883, in collaboration with C. A. Bell and Sumner Tainter.

In 1890 the French government awarded him the Volta Prize for devices to assist the deaf. He received the medal of the London Society of Fine Arts in 1902, the Royal Albert medal, Elliott Cresson medal and John Fritz medal in 1907; the Hughes medal of the Royal Society of Arts, London, 1912, and the Edison medal in 1914. He is an officer of the French Legion of Honor.

In 1887 he founded and endowed the Volta bureau for the increase of knowledge relating to the deaf. He founded and was the original president of the American Association to Promote the Teaching of Speech to the Deaf to which he has contributed \$250,000. Deafness in his family led to his researches for the relief of that affliction. He is a regent of the Smithsonian Institution, a member of the National Academy of Sciences and a fellow of the American Academy of Arts and Sciences.

In his busy career he has written many scientific and educational monographs, including a memoir on the "Formation of a Deaf Variety of the Human Race."

Professor Bell was educated in Edinburgh and at London University. In recognition of his learned services he was at various times awarded honorary degrees, among them that of Ph. D. from Wurzberg University, 1882; M. D. from Heidelberg, 1886; LL. D. from Harvard and

Illinois College, 1896; from Amherst 1901, from St. Andrew's 1902, from Edinburgh University 1902, from George Washington University 1913 and the degree of Sc. D. from Oxford in 1907. He married Mabel Gardiner Hubbard in 1877.

### Spring'll Be Here 'fore You Know It

**D**ESPITE conditions which greatly held back the production of automobiles throughout the early months of this year, nearly twenty thousand discriminating motor car buyers have been made happy and contented by the possession of their new Chandler cars.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for,---because they know it is *worth* waiting for.

Some are still waiting, but their cars are coming. December production is taking care of many orders, and January will see the great Chandler plant on a production basis unprecedented in the medium priced fine car field.

Chandler dealers will, we hope, be able to fill their orders much more quickly this year than this, but when the first warm days of Spring come, and the country roads call, and everyone decides he wants his new car *at once*, there will be some more waiting again.

If you want *your* Chandler *when* you want it, place your order now. It you want to be sure of getting the car of your choice, the greatest of all Sixes beyond question, drop in and see your Chandler dealer now, regardless of what the weather may be. For "Spring'll be here 'fore you know it."

*All Chandler bodies are mounted on the one standard Chandler chassis, which has made the name famous. Simple, sturdy and dependable throughout, its features embrace, as for years past, the really marvelous Chandler motor, solid cast aluminum motor base, annular ball bearings, silent chain drive for the auxiliary motor shafts, and Bosch magneto ignition. . . . .*

Seventh Successful Year Of

# Our Big Christmas Savings Club

It Answers This Puzzling Question:

## Did You Have Enough Money to Spend This Christmas?

Were you able to do all the little things you would like to have done? Were all your family, friends and associates remembered this Holiday season just as you would have wished? Wouldn't a little extra money have come in handy?

You Will Want Money to Spend Next Christmas. You Can Have Plenty If You Join Our Christmas Savings Club, Starting Friday, December 26, 1919.

*A Check Which You May Cash Anywhere Will Be Mailed To Your Home Next December.*

**Join Yourself. Get Your Friends to Join. Everybody Welcome. No Charge to Join.**

Start to save now for next Christmas. The Christmas Savings Club will be comprised of a number of members who will save with the object of having money for next Christmas. The plan of saving as we have evolved it is exceedingly simple and easy. Make a small deposit each week or pay a month in advance and when the club matures next December you will be agreeably surprised at the snug little sum you have accumulated, made larger by interest added. Plans to suit every purse are offered depositors. Everybody welcome. Here are three plans that will appeal to a good many people.

**Deposit 1c the first week and increase the deposit 1c each week and we will pay you \$12.75 with interest next Christmas.**

This plan requires a deposit of 1c the first week, 2c the second week, 3c the third, and increases the amount 1c each week. On December 13th, 1920, there will be due you \$12.75 with interest.

**Deposit 2c the first week, 4c the next week, 6c the third week and increase the deposit 2c each week and we will pay you \$25.50 with interest next Christmas.**

This plan requires a deposit of 2c the first week, 4c the second week, 6c the third week, and increases the amount by 2c each week. On December 13th, 1920, there will be due you \$25.50 with interest.

*Your Christmas Check From This Bank You May Cash Anywhere. It Will Be Delivered at Your Door By Uncle Sam*

**Deposit 5c the First Week and Increase the Deposit 5c Per Week and We Will Pay You \$63.75 With Interest Next Christmas.**

This plan requires a deposit of 5c the first week, 10c the second week and increases the amount by 5c each week. On December 13th, 1920, there will be due you \$63.75 with interest.

The three plans mentioned are merely suggestions. You may reverse them if you wish, that is \$2.50, \$1.00 or 50c may be paid in the first week and reduced 5c, 2c or 1c a week until the end of the fifty weeks.

Or here's another plan: \$5.00, \$2.50, \$2.00, \$1.00, 50c, 25c or 10c may be paid in each week without reduction or increase for the fifty weeks if desired.

Interest will be paid on deposits if the payments are kept up promptly, but if depositor fails to keep up payments when due, you will receive amount paid in only, without interest.

Member's tickets issued to each depositor without cost.

The Christmas Savings Club is the one club, that all members of your family, large and small, can join.

When you join, take out a card for the boy and girl, too. This is a nest egg to easy carry and will come in mighty handy for a rainy day.

The small weekly or monthly payments don't amount to very much and are never missed. Surprising how much it comes to by Christmas Holidays, and a pleasant surprise, too. Come with others and join; the club opens for membership Friday morning, Dec. 26th, at 9 o'clock. The earlier you join the easier it will be. Hundreds will join the first day. Get in line for a Merry Christmas. The easiest way in the world to provide Christmas cheer for you and yours.

**NOTE:** Some \$45,000 were distributed to members of last year's Christmas Savings Club. We wish it could have been \$100,000 so that the added cheer the increased amount would have brought about could have been spread broadcast. Present indications point toward a much larger membership this year and it is quite possible that the \$100,000 mark will be reached.
